P2PCHAT

Visual identity for peer-to-peer messaging.

THE LOGO

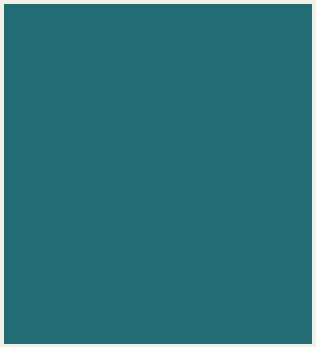

P2PCHAT

P2PCHAT

Use the speech mark alone for the app icon. Keep the wordmark horizontal.
Clear space: one P stem on every side. Minimum lockup width: 200 px.

PALETTE

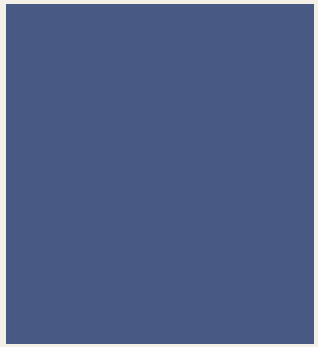

Teal
#246C73

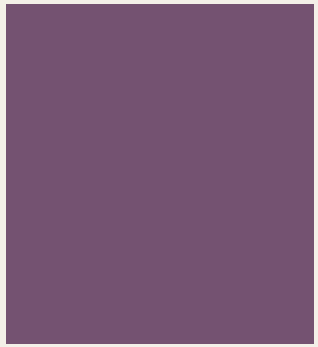

Clay
#A04434

Ochre
#91611B

Slate
#485A83

Plum
#745271

Teal is the tonal anchor. Supporting colors come from TIP artwork.

Clay balances teal. Ochre, slate and plum bring contrast to the textures.

Paper and charcoal carry text. Use one supporting color at a time in UI.

Sea glass replaces teal for dark-theme actions. Tokens include both themes.

TYPE & VOICE

KEEP TALKING.

Anton / wordmark and short display headings

Inter / messages, navigation, instructions and body text

Use sentence case in the app. Keep labels direct.

Examples: Add a contact. Retry sending. Message queued.

No claims of anonymity or delivery without evidence.

Body base: 16 px. Type scale: 1.25. Spacing unit: 4 px.

Anton and Inter are supplied with SIL Open Font License files.

TEXTURE

P2PCHAT

Use on covers and banners.

Keep messages on plain surfaces.

TIP color relationships remain:
warm fields meet cool fields.

Do not put small text over the texture.

Do not add generated artwork or redraw the supplied motifs.

ASSETS & SOURCES

Included

Light / dark logos, wordmarks, speech marks, square icons and banner.

SVG, PNG and PDF exports. Token JSON, theme CSS and rebuild script.

Source artwork

Speech: supplied TIP icon export, 425 x 411 pixels.
Texture: supplied original Texture.png, 1254 x 1254 pixels.
Original copies remain intact. Only palette derivatives were made.
The kit does not identify the artist or provide a graphic reuse license.

The speech symbol remains raster inside SVGs. The wordmark is vector.

No generated imagery, purchased stock, gradients or invented claims.
